

"They will be called oaks of righteousness, a planting of the Lord for the display of his splendor." Isaiah 61:3 NIV

Do you remember hearing about Jesus for the first time?

Thanks to your generosity several Nigerian Muslim families have heard the Good News for the first time! The repercussions of converting in a Muslim context could be great, but these families are challenging all odds and committing their lives to Christ. Your prayers and partnership has allowed the story of FFICM to impact the nation of Nigeria in supernatural ways. Thank you! The staff in Nigeria is constantly blown away by the response, as they continue to lead more and more Muslims to the saving grace of Christ. The strategy of "training trainers" is creating momentum and multiplication

beyond what we could ask or imagine. Ever heard of "group think"? Nigeria staff recently visited a family of 21 (not that unusual in Nigeria). You guessed it! This family heard not only with their ears, but with their souls. The father shouted with joy, **"We are ready to die for Christ."** In all truth -- they had already. The ripple effect of this single decision influenced the entire family and all confessed their faith that day. Your partnership is enabling the seeds of the gospel that are being planted to grow into beautiful oaks of righteousness. You are a vital champion to Kingdom expansion!

Your generous spirit impacted His kingdom!

In July, you helped train close to 700 Africans!

Women training women?

YES!

Pray forward the trainings
in October!

"Difficult" is an understatement...

for being a woman in a Muslim context! They are often referred to as the silent influencers as they lead the house behind the scenes. This situation is rapidly becoming an intersection of God's grace. Will you help create this intersection? In October we plan to train over 80 new women believers with follow-up material. What an opportunity of a lifetime! **Will you pray for this along with us?** The expectation of this intensive cohort is to create a wave of energy that develops into catalytic conversations with mothers, sisters, daughters, and other women in this region. Being a supporting champion through prayer and finances will prepare women to go out and train. They will become trainers of trainers, multiplication will take place and the Kingdom of Christ will expand. These 80 women already have plans to train 400 in new believer follow-up once they are trained.
