

# One Moore Prayer Letter

December  
2021

Prayer requests, praises and updates from David Moore and family, serving with FFICM as Director of Operations.

*With three of the FFICM board members at a training earlier this month*

**Praise/Pray:** We are so excited about the momentum that we have coming out of our recent Fall Banquet! (If you missed it you can still watch it on our website - [fficm.org](http://fficm.org)) There are new relationships, people wanting to know more, many people who gave generously to help launch FFICM into what we expect will be a busy 2022. FFICM's overall budget is increasing by about 40% next year as we plan to continue to expand the impact of the ministry. Our family ministry budget is also increasing slightly due to inflation and our family size increasing. **Pray** that God would provide more monthly financial partners in 2022 for the FFICM general fund as well as support specifically preferred for my family's support. Will you partner with us in 2022? [fficm.org/donate](http://fficm.org/donate)

**Praise/pray:** FFICM's October training marathon in Ethiopia (and one week in a neighboring country that will remain unnamed due to their closedness to the gospel) went very well! We did 5 different week-long trainings for over 100 people each in how to do good new believer follow-up! **Praise** God for the 500+ people who were trained! 200 of those trained were from a Muslim background and who wanted to be trained so they can do follow-up with others coming to Christ from Islam. One other really exciting piece of that trip is that Rich Gardner, our president and founder had four others from the US with him for various parts of that trip. These four are all at various stages of being trained to become International trainers with FFICM. While training 500 Ethiopians, Rich was also able to mentor these four from the US to carry out the trainings that he has been facilitating! **Pray** for the 500 newly trained Ethiopians that they would have boldness to go out and share their faith and do Christ-centered follow-up with those new believers. **Pray** also for those in the training and mentorship process from the US as they grow in their capacity to train others! God is expanding the team and expanding the impact and preparing us to go BEYOND in 2022!

**Merry Christmas! Enclosed is FFICM's Christmas card and a magnet for you.** Please continue to lift the enclosed prayer requests and praises up to the Lord. If you want more fuel for your prayers, you can sign up for my monthly email updates or the FFICM weekly prayer email. We also post those weekly organizational prayer requests and updates on the FFICM blog at [fficm.org/blog](http://fficm.org/blog)

## Family Updates

**Denise**, if you hadn't heard, is pregnant with a surprise gift that God has given to us. We are due in mid-May and are still in the process of adjusting mentally and emotionally to this surprise.

**Hannah** is enjoying jazz band, concert band and choir as well as all her other classes in her junior year at Hillsboro High School. She stays busy with friends and is trying to find time for a part-time job.

**Andrew** has been struggling this year. Pray for wisdom for us as his parents and that he would learn to make wise choices himself. Praise God for the artistic skills that we have seen growing in him!

**Asher** is enjoying being part of the student leadership team at school, playing video games and reading books. So far sixth grade has been a breeze for him.

**David:** I have just finished my class on Grant Writing and have just one more class and then the final paper left to finish my MA in Nonprofit Management! Graduation is coming April 29, just before the baby is due.

***Thank you for your partnership as we train people how to follow-up new Christians! We couldn't do what we are doing without your prayers and financial partnership.***

***Thanks!***

*David Moore*

*Merry Christmas 2021 and Happy New Year 2022 from the Moore family.*
